Editing data in the Content Manager

Home page :

You can design your main entry on the start page:

1. Logo & background image
2. Basic data & company description
3. Social-Media

Tips for the homepage :

- The background image must be uploaded in different sizes for the web and app view so that it looks good on all screens.
- We generally recommend using a wallpaper or mood image as the background image and advise against using an image with text.

The screenshot displays the 'FRUIT LOGISTICA' Content Manager interface. On the left is a navigation menu with options: Company Profile, Product Groups, Links, Products, Contact persons, Multimedia, Exhibitor News, Stories, and Media package & Advertising shop. The main content area is titled 'FRUIT LOGISTICA' and contains the text: 'Here you can start to edit and publish your company profile, i.e. your exhibitor entry. The navigation menu on the left side will guide you to further divisions.' Below this is the 'Logo and Background Image' section, which is divided into two columns: 'Company Logo' and 'Background Image for your Company Profile'. The 'Company Logo' column shows the current logo and a 'Delete current image' button. The 'Background Image for your Company Profile' column shows a preview of a banner image with the text 'Berlin 5|6|7 Feb 2025', 'FRUITFUL CONNECTIONS.', and 'FRUIT LOGISTICA'. Below the preview are 'Browse files' and 'Delete current image' buttons. At the top right of the interface are 'Discard changes' and 'Publish' buttons. The browser address bar shows 'fruit-selfservice.event-cloud.com'.
